FIRE FOUND ON TWO ROOFS

Incipient Blazes Discovered at Homes
of G. B. Cooper and Warren
Hocker Just In Time

Detected in time, fires which threatened the homes of County Clerk George B. Cooper and Warren Hocker, were extinguished in time to prevent serious damage Saturday and Monday. A blaze was discovered in the roof of Mr. Cooper's home on Portman avenue about 9 o'clock Saturday morning. Mr. Cooper is having a bathroom built on the second floor and the disarrangement of the electric wires during the construction work is thought to have probably caused the blaze. The fire alarm brought out neighbors and the department in a hurry and the blaze was put out before it had gained much headway.

No alarm was turned in when the roof of Warren Hocker's cottage on West Main street was discovered on fire early Monday morning. Neighbors quickly went to the rescue and a few buckets of water did the work quickly here, also. A defective flue is thought to have probably been the cause of this incipient blaze. The damage in each case will be only a small amount.

Miss Jennie Hocker kindly sent the I. J. the following concerning the fire at her home. "Rose Cottage," the attractive home of Miss Jennie White Hocker, came near going up in flames Monday morning, but by the heroic management of her brother, J. Warren Hocker, Mr. Welch Rochester, Mr. Robert Bruce, and other kind friends, it was soon extinguished. Miss Jennie had at once the best galvanized metal roof in town put on her kitchenette, making it fire proof.

Members of the City Council have asked the I. J. to request all who have occasion to call for the fire department, to phone to Carter & Carter's stable where the fire fighting machinery is kept. Much time can be saved by phoning to the stable directly rather than to neighboring stores.

Never let your homes go unprotected when a policy with Jesse D. Wearen, the Insurance Man, of Stanford, always safeguards you. See him about it right now, before it's too late.

DEDICATED NEW CHURCH

Rev. M. D. Early, of the Stanford Baptist church, preached the dedicatory sermon for the new Baptist church at Stearns, McCrory county, which has just been completed by the congregation there. It is a most commodious and pretty little house of worship, and the membership is full of enthusiasm in the Master's work. Dr. Early gave the brethren one of his good old fashioned sermons, with the gospel straight from the shoulder and is said to have pleased everyone who heard him.

AUTO AGENTS ACTIVE

Considerable activity is manifested by local automobile agents and a number of sales are reported. W. W. Hays last week sold to J. A. Robinson, of the Danville Pike, a 6-cylinder Studebaker car. W. L. McCarty sold to Charles Wilhoit, cashier of the Bank of Moreland, a Dodge touring car. H. C. Carpenter has added the Oakland car to his list and is demonstrating a handsome touring car.

B. Fay Mills, the great evangelist, died Monday at Grand Rapids, Mich.

CARD FROM O. N. COOK

The I. J. has received the following from O. N. Cook, who has been preaching several times in the Preachersville correspondence.

Nugent, Tex., May 1, 1916.
To whom it may concern:—I want to say it has not been, nor is it my purpose not to return every book trusted me by the hospitable people of Preachersville or any other section.

It has been impossible for me to return them before now. Sickness and being forced to seek warmer climate, being raised in the south, has prevented me from making a delivery so that I could return the borrowed books. I have been doing my best to get the books returned before now. I am working night and day almost, with the same company I was with while in that section. I will return and deliver all books which I borrowed also all those which I have orders for, some time in May.

I certainly am sorry I have delayed the people, who have been anxious to study the book, "Self Knowledge." Those to whom I have not written may rest assured that their books will be delivered either by me in person or by insured mail, as soon as possible.

Very truly,
O. N. COOK.

Best Thing for a Bilious Attack

On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets and the next day I felt like a new man." writes H. C. Bailey, Editor Carolina News, Chapin, S. C. LATEST WAR NEWS

"Future German-American relations probably can be looked forward to with less apprehension." The above reply in the result of the conference which has been held between American Ambassador Gerard and Emperor William at Great Headquarters and is made upon the authority of the Associated Press.

All dispatches are censored. Ambassador Gerard is returning to Berlin and the German reply to the American note is expected without delay.

Two British war craft, the armed yacht Agassia and the mine sweeper Nasturtium, have been sent to the bottom in the Mediterranean by coming in contact with mines.

The repulse of German attacks by the French around Dead Man's Hill and counter attacks north of Cuimieres have again been followed by heavy German bombardment of these positions and a continuation of shelling northeast of the fortress.

The British troops and the Royal Irish constabulary have been brought about the surrender of all the rebel forces in Dublin, and the people of the Irish capital, for the first time in a week are able to move freely about the city unendangered by bullets of rebel snipers. In the country districts the island the rebels also are laying down arms, and quiet is said to prevail in most of the places where disorder previously had been reported to exist. A large number of the 1,000 prisoners taken in Dublin have been sent to England.

LATEST FROM MEXICO.

Information from Washington that Secretary Baker had not and Gen. Funston to make it plain to Gen. Obregon that any agreement reached at their conference here must not be based on any plan for immediate withdrawal of American troops from Juarez, Mexico.

Gen. Obregon refused to comment, saying he would await developments at his next conference. Among other Mexican officials gloom was openly expressed. It was pointed out that Gen. Obregon had come to the border confident that he could persuade Gens. Scott and Funston that the expeditionary force should be withdrawn at once. Secretary Baker's instructions to the American conferees were regarded as completely blocking the hopes of the Mexican Minister of War.

New reports of a reliable nature were received today indicating that the American army is preparing for at least a temporary stay on Mexican soil. These said that the Sixth, Sixteenth and Seventeenth infantry regiments, which formerly were at Casas Grandes and Colonia Dublan, now are at Namiquipa, Gen. Pershing's base, and that the Twenty-Fourth is guarding the line of communication from Columbus.

The Thirteenth and Eleventh Regiments of cavalry and part of the Tenth and Seventh also were reported at Namiquipa with the Sixth on its way to that point.

With this large force at his command and with the customary defense preparations made it was indicated that Gen. Pershing was ready for any eventuality.

Only a few scattered columns of the expeditionary force are reported south of Namiquipa. The great bulk of Gen. Pershing's men is now well within 200 miles of the border.

DOG CAUSE OF KILLING IN BOYLE

Parkville Young Men Quarrel Over
Canine and One Is Shot and
Instantly Killed

Passengers and trainmen on the morning train from Louisville Monday morning told of seeing a man who had just been murdered, lying upon the station platform at Parkville, as the train came through that little city in the western section of Boyle county. The dead man was Polk Pendergraft, 21 year old, who was shot and almost instantly killed by Pack Montgomery, about the same age. The young man quarreled over a dog, according to reports. It is said that Pendergraft killed a dog belonging to Montgomery and this led to the tragedy. The boys met in front of W. G. Weathers' store and got into an argument and the shooting soon followed. It is claimed that Pendergraft made a movement as though he intended to draw a gun. At this juncture Montgomery is said to have whipped out his revolver and fired two shots. After being shot Pendergraft ran a short distance, falling in front of the residence of M. P. Wilson, where he expired in a few minutes. Montgomery announced that he would promptly surrender to the sheriff. The shooting created a sensation in the community, as the boys bore a good reputation. During the quarrel Porter Pendergraft, a brother of the dead boy, and Bartley Montgomery, brother of the slayer, became involved in a difficulty during which Pendergraft was bit on the head with an ax handle and painfully although not seriously wounded. The dead boy is a son of William Pendergraft and his slayer is a son of Constable William Montgomery.

COMBEST OUT UNDER \$1,000

Returns Willingly and Wants Chance
To "Make Good"

Acting Deputy Sheriff M. S. Baughman returned from New Orleans late Friday with Les Combest, of Casey county, who is facing a charge of obtaining money under false pretenses, as a result of buying a motor car from Mr. Baughman, giving him a "cold check" and then selling the car. Two uncles of Combest, W. C. Cundiff and Henry Harmon, of Liberty, came here Saturday, made bond for Combest in the sum of \$1,000, and he returned home with them. Mr. Combest, who was apprehended by the New Orleans officials after a long hunt, came back willingly with Mr. Baughman. He is very penitent. He says that had he not been drinking he would never have committed the offense with which he is charged. He is very anxious to "make good" and will be given every opportunity by Mr. Baughman, who will not prosecute him at the coming term of court in the event the price of the automobile is returned to him. Mr. Combest believes that he can raise the money and says that he will make every effort to do so.

EVERETT STONE WEDS IN EAST

His many friends here were surprised to learn of the marriage of Everett M. Stone, of Washington, D. C., to Miss Mabel W. Davis, which took place at Baltimore, Md., April 22nd, the Rev. James A. Dudley officiating. Mr. Stone is the only son of Mr. and Mrs. Lee Stone, of Stanford, and is a splendid young man in every way. He holds a responsible and remunerative position at the government printing office at Washington. After the wedding, the bridal pair returned to the Emerson hotel and then took wedding tour on the steamer Northumberland, on Chesapeake bay and up the Potomac out from Baltimore. They are now comfortably domiciled in apartments at 1334 12th street, N. W., Washington, D. C. Mr. Stone's host of friends here heartily congratulate him and wish him every success and good wishes. His bride is said to be a very attractive and charming young woman.

"LITTLE BEN" MARTIN DEAD.

Ben Martin, a well known farmer on South Fork, who was known by his friends as "Little Ben," to distinguish him from another gentleman of the same name, died at his home south of Stanford Sunday evening, after a several days' illness of locked bowels. Mr. Martin was about 58 years of age, and is survived by his wife and six children, three sons and three daughters. He had been a member of the Christian church for many years and was respected and esteemed by all who knew him. Funeral services were conducted Tuesday.

DIDN'T NAME COMMISSION

A dispatch from Henderson Sunday said: With only two precincts missing indications are that the proposed \$400,000 bond issue was defeated Saturday by at least 10 to 1. The vote as received from the twenty-nine precincts gave 198 votes for the bond issue and 1,899 against it. This vote is no indication of the good roads sentiment in Henderson county. The mass meeting at which it was voted to ask for a bond issue election voted unanimously in favor of a bond issue. Later charges were made against the good roads association and then the good roads association asked the Fiscal Court to appoint a commission to handle the funds should the issue be passed and when the Fiscal Court refused to appoint it, the Good Roads Association issued a public statement urging the people to vote down the bond issue. Friends of the good roads either stayed away from the polls or voted against the bond proposition.

LOCAL BOYS STILL UNBEATEN

Stanford High School Lads Win from
Richmond Normal and Outclass
Danville High Team.

The Stanford High School base ball team's string of victories remains unbroken. Since last Friday, two more triumphs have been chalked on the right side. Saturday afternoon the local nine went to Richmond and stacked up against the speedy bunch of ball tossers at the Eastern State Normal. The game went 10 innings but Stanford came through with the victory in the 10th by a score of 10 to 9. Bill Reinhart, the 15-year-old kid pitcher, the "find" of the season, started the game, but the strong Normals got to him for five runs in the second inning after which Capt. Embury dickered him and put Dozier on the firing line. The teachers found Dozier for four more tallies during the extended sessions, but Stanford cut the home team down to its size by hard batting and erratic fielding by their opponents and won it out in the tenth. Stanford made 8 hits to 9 for Richmond, and had six errors chalked up against them to 10 for the pedagogues. The score by innings was as follows:

Stanford 2 0 0 3 0 2 0 2 1—10
Normals 0 5 0 0 0 1 2 1 0—0

Burlesque Base Ball

Monday afternoon the Danville High School nine came over and were shown what a regular high school nine looks like, Stanford defeating the Boyle lads, 17 to 5. The five scores the visitors accumulated were practically gifts, at that. After the game had been safely placed on ice in the first few innings, all three of the regular outfielders and several infielders were led to the stable and a bunch of youngsters from the eighth grade team were given a good workout. These boys didn't do much batting, with the exception of "Tub" Martin, but they exhibited a nice fielding game. Martin proved himself of big league calibre right off the reel, for he played a star game behind the bat the short time he officiated there and he almost knocked the cover off the ball the first time he came to bat. He slammed out a beautiful triple to left but was called out by a lynx-eyed umpire who said he cut first base on his way around. "Bill" Reinhart was on the mound for Stanford and had the Boyle boys eating out of his hand all the way through. Davis, the Danville pitcher, was the only man of the team who could slam his delivery at all safely and the visitors were completely outclassed from start to finish. In the fourth inning, Stanford worked the famous "squeeze" play for four runs, one right after the other. The score:

MENEFEE DELEGATE-AT-LARGE

At the state convention of the Progressive party in Louisville Saturday John N. Menefee, Jr., of Stanford, was elected alternate delegate-at-large to the national convention at Chicago June 7. A woman attorney of Paducah was a delegate from the First congressional district. The delegates were all instructed to vote for the nomination of Theodore Roosevelt for president.

High School News

The baseball team from the grades are having a little "tuff luck" this season, having played three games and won only one. They were defeated first by Hustonville and then they were victorious over Danville. The last game was played at Lancaster which proved disastrous to them in a ten to nine contest. These games show much material and bright prospects are seen from several players. The battery for Stanford Saturday was Ballou twirler and Hill, backstop. Ballou showed much "stuff" but retired from the game in the seventh in order that their other pitcher, Dudderar might have a little practice.

Stith Noe sprained his ankle in the game Monday and it proved very painful. Although he is limping rather badly at the present it is hoped that he will soon be all right.

In the track meet held at Danville Friday, Stanford High School landed third place in a number of points. There were not many representatives from here but those who did take part showed much class. As usual the Embry brothers, Sam and Joe T. distinguished themselves while the other members of the team, Noe, Tucker and Perkins did remarkably well.

In the Richmond game John Cash, "the all star player," had the misfortune to get an ugly gash cut in his leg from one of the opponents' spikes. He gamely played on, however, until his team mates saw how badly he was hurt and made him retire from the game. A doctor was summoned and several stitches had to be taken.

Friday afternoon an exhibition was held in the sewing department and several patrons were out. After thoroughly inspecting some of the fine works of the girls they were very gracefully served with refreshments by the Freshman girls.

Prof. McHenry Rhoads, of Lexington, who is at the head of the Department of Secondary Education made the school a visit Monday and gave a very interesting talk during the chapel period.

STEARNS WINS AT NICHOLASVILLE

Helm Turns Down Bob Hunter's
Friend For Postoffice—Congressional Politics "Warming Up"

The following dispatch from Washington in Saturday's Louisville Post will be of interest here and in this section for Mr. Stearns is one of the best known newspapermen in the state, and his appointment will prove a very popular one with the press boys.

Representative Helm today recommended J. B. Stearns, editor of the Jessamine County News and president of the State Newspaper Association, for postmaster at Nicholasville. The office becomes vacant May 1.

Col. Stearns thus wins out in one of the most interesting fights for a postoffice waged in Kentucky since President Wilson went into office. The fight for the Nicholasville office narrowed down to Col. Stearns, who is editor of the Jessamine News

Kidd's Store

When the idle rich congregate on sunny sides to discuss the current of scandal and other interests, one of the most impressive facts of change and progress of business is the immense volume of egg and poultry produce. But a few years ago two or

three one-horse spring wagons, weekly and semi-weekly, were adequate to demands. The daily stream of one and two-horse loads and auto-trucks freighted with crates piled up to limit of crafts, excite wonderment as to sources of supplies and astonishment as to immensity of the traffic. The eagle and turkey are no longer in it with the American hen.

Announcements

The Interior Journal is authorized to announce the following candidates, subject to the Democratic Primary, August 5, 1916:

FOR CONGRESS

CHARLES F. MONTGOMERY

The endorsement of President Wilson's program for preparedness by the Republicans themselves have left that party without any particular plank to stand on for the present. Just what excuse they will have for just what excuse they will have for putting a candidate in the field this country enjoying the greatest prosperity in years and the prospect of still better times to come; with the removal of the tariff from politics by the proposed appointment of a tariff commission; with our diplomacy triumphant instead of the country being plunged into futile war, there is every prospect that Wilson will be returned to office by an overwhelming majority. Big business, little business, labor and capital are all receiving a square deal and all are too busy to oppose him, nor do they have the disposition to do so. How the problems which have confronted the country, many of them overshadowing in importance even those of the Civil war period and period just before and just after it, could have been settled in any more satisfactory manner is difficult to see.

That the people of Kentucky have a man on duty in the Senate at Washington, who is always on the job to guard the pocket-books of the taxpayers regardless of politics was demonstrated Monday when Senator Beckham, of Kentucky, voted to reduce the salaries of members of the Farm Loan Board in the rural credits bill by \$2,500 each. The higher salary was voted by a close vote of 26 to 25, by the democratic majority but Senator Beckham of Kentucky

and Senator Kern, of Indiana, voted against the democratic majority which put it over, and thereby proved that no petty politics can govern them when the interests of the taxpayers are at stake. Without flourish or flub-dub, or a parade to the footlights and rushing into print upon every possible occasion, Beckham, is making a great record and Kentuckians are proud of him.

Women Sufferers Need Swamp-Root

Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. You may suffer a great deal with pain in the back, headache, loss of ambition, nervousness and may be dependent and irritable.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a fifty cent or one dollar bottle immediately from drug store. However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Stanford semi-weekly Interior Journal.

The I. J.'s good friend, W. G. Ball, of King's City, Mo., renewing his subscription for another year writes:

"I am a Kentucky boy, born in Garrard county, on the banks of Dix River, four miles west of Lancaster, on July 8th 1846, and was raised just a mile west, across the neck of Lincoln, in the edge of Boyle, on the cliff of the Hanging Fork, one mile from its mouth, six miles east of Danville, joining Sam Baughman. I would like to know whether J. H. Baughman is his boy; if so we used to ride the goats together. (He is—Ed.) I got my wife among my mother's people near Wayneburg. I have a host of cousins, the Caldwell and Reynolds and others. I like to read about them in the I. J. We are having fine weather in Missouri and everything is looking fine."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; this causes deafness. Deafness is caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

HOGWALLOW NEWS

The Dog Hill preacher requests us to announce in his behalf that all who intend to hear him preach next Sunday morning must walk across the field to keep out of the mud. Tobie Moseley's attention is especially directed to this, as he has been in the habit of breaking up the sermon every Sunday by waiting until he gets inside the church before he begins to stamp the mud off his feet.

The steps leading to the Wild Onion school house were stolen a few nights ago. The Deputy Constable was put on the case and has several of our citizens under suspicion, as he passed a house where a mass meeting was held on the night of the robbery. The Deputy Constable was being held on the night of the crime, and overheard one of the speakers say that steps would be taken at once to repair a bridge.

Tobie Moseley was held and robbed by four highwaymen on Gimlet creek Tuesday night while on his way home from prayer meeting. He was robbed of forty cents in cash. The money belonged to the church and to keep things straight Tobie demanded a receipt from the highwaymen.

A mule was hitched at the postoffice the other morning, and remains uncalled for. The postmaster says if it is not called for in ten days he will forward same to Washington.

The Deputy Constable is having Bat Smith to make him a barrel of his celebrated Moonlight Reel whisky which is to be used subject to the action of the Republican primary this summer.

An owl's nest has been found in the post office. As these birds do not build their nests in public places, it is believed this is some other kind of a bird's nest.

Raz Barlow has received his new self-winding watch he recently ordered. It is not much different from any other, only the instructions say he must wind it himself.

Sidney Hocks has contracted the habit of whistling, and regrets that he is never awake to hear himself.

Unless more trees are planted in this vicinity there will in a few years be a famine of stumps, and nothing would be more sadly missed than these blessings, which can be enjoyed by the poor man without molestation. A movement is soon to be started by our stalwart organization, the Hogwallow Improvement Association, for the planting of more trees, and it should be encouraged by all of our citizens. In the early days of Hogwallow there was a supply of timber in this section plenty ample to afford both shade for those who were warm in the summer and heat for those cold in the winter. But our citizens have had a tendency in the past few years to cut down too much of the timber in order that they could have more stumps for immediate and convenient use, upon which to sit and rest. Now, in and round Hogwallow, it is true, as Poke Bazley says, that there are still many substantial stumps, but at the present rate of usage they will within a few years be extinct. Then, with the passing of the rail fence and the stump, where can the tired man repose? Nowhere but at home in a chair, which is civilization carried to an extreme.

Healthy Old Age Brings Happiness

SIMPLE REMEDY PROMOTES HEALTH BY OVERCOMING TENDENCY TO CONSTIPATION

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health. Headache, belching, biliousness, bloating, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Goddes Ave., Ann Arbor, Mich., who is 83 years old, says "Dr. Caldwell's Syrup Pepsin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints." Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without griping or other pain or discomfort. For over a quarter of a

century it has been the standard household remedy in thousands of homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained free of charge by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.

Halley Everman of the Odessa neighborhood, this county, has a turkey gobbler that is passionately fond of old wire nails, staples, carpet tacks and other light hardware. Mr. Everman had been missing some wire fencing staples from his barn for some time and could not discover the cause of their disappearance. The other day he went out to the barn and there found his old turkey gobbler feasting on staples.—Owingsville Outlook.

There are less than 225,000 horses of a total of about 24,000,000 in the United States that would be fit for use as army remounts in the event of war. This means that the United States could mount only an army of the size that would be called into the field in the event of trouble with a first-class power, and after about four months would have to begin putting cavalry and field artillery organizations either in horses of the draft class, or on light scrubs, either of which type would rob the cavalry and field artillery organizations of that rapid mobility which is their chief value. This is the situation which the War Department has discovered after a careful canvass of the entire country.

LAME BACK
Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.
